### About me

**Senior Flutter Engineer & Flutter Tech Lead** with 6 years of experience in full-stack development, specialising in cross-platform mobile solutions (4 years Flutter, 2 years Java/Node.js). Proven track record of leading teams, architecting scalable applications using Clean Architecture (MVVM, BLoC, Getx), state management solutions (BLoC, Riverpod, GetX) and delivering high-performance apps. Combines technical mastery with business acumen (MBA) to align engineering outcomes with organisational goals. Passionate about mentoring developers, optimising and driving innovation through robust, maintainable code.

### Experience

#### Sr. Software Engineer (Flutter)

*Bdtask Ltd*

September, 2022 - Present

Build and maintain cross-platform mobile apps using Flutter and Dart. Implement clean architecture and effective state management (Riverpod, Getx).
